(Successor to the Maryville Republican)

VOLUME 3.

MARYVILLE, MISSOURI, FRIDAY, JULY 19, 1912.

HIS WIFE AFTER HIM

MARTS' TROUBLES NOT ENDED
AND HE IS BACK IN JAIL.

HELD FOR IOWA WARRANT

Requisition Papers Will Be Necessary
to Take Prisoner to Iowa to Answer to Wife Desertion.

The warrant from Ottumwa, Ia. for the arrest of Alfred Marts arrived in the city Friday morning. It was received by Deputy Sheriff J. L. Tilson, and he took charge of the prisoner at once. He placed him in the county jail.

The warrant charges Marts with the crime of desertion and the prosecuting witness is his wife at Ottumwa, whom he has been separated from for the past four years. Marts will not go back to Iowa without requisition papers, and Mr. Tilson informed the authorities at Ottumwa of that fact Thursday afternoon. As it will take two or three days for requisition papers, Marts will be held at the county jail until that time, when the officers will arrive to take him back.

As soon as word was received in the city Thursday of another warrant for the arrest of Marts, a message was sent to his father, who had just left Maryville after clearing the situation here, but the message failed to reach him. However, it is thought that the older Marts will return to Maryville in a day or so.

Marts was just released from the county jail Wednesday, his father having given bond for \$300. The charge here against Marts was wife abandonment, the charge being made before it was discovered that he was not married to the woman at St. Francis hospital, whom he deserted two weeks ago, just after she had given birth to their third child. Both Marts and the woman declared that they have been living together for four years and waiting for the real Mrs. Marts to get a divorce, which she never did. The woman at the hospital, it is understood, will not institute proceedings against the man whom she has called her husband. Arrangements were made by the elder Mr. Marts to take care of her and her children.

This is the first time that a case of this kind has ever been up in Nodaway county. Alfred Marts is real sorry now and admits that he has done wrong.

The case here will come up at the November term of court. W. E. Wiles is the attorney for Mr. Marts.

GAVE RECEPTION TO FACULTY.

The Nodaway County Club at the Normal were host at Reception Thursday Evening.

The Nodaway County club, composed of the students from this county attending the Normal, entertained the faculty of the school and the other students at a reception held Thursday evening in the auditorium of the Normal. The following is the program that was given:

Piano duet by Misses Kemp and Amy.
Reading by Prof. Miller.
Solo by Miss Annette Loranca.
Reading by A. R. Malone.
Trombone solo by Erville Stafford.
Reading by Miss Lulu Hughes.
Solo by Miss Glenn Hotchkiss.
Piano solo by Miss Helene Young.
Solo by Miss Winifred Carpenter.
Reading by Phillip Parcher.
Piano duet by Misses Edith Wilson and Ruth Hall.

After the program was given refreshments were served in the corridors of the building.

Services Held at Barnard.

Mrs. Abe Kimes, who died in Kansas Tuesday night, was buried Friday afternoon at the cemetery in Barnard. The services were held in the M. E. church of that town, conducted by Rev. DeWitt. Mrs. Kimes was formerly a resident of Barnard, being a daughter of the late Jim Thompson, who was section boss at that town.

New Chef at Linville.

Frank Smart, who has been the chef for the Hotel Garland at Bedford, Ia., for some time will begin work Sunday morning in the same capacity for the Linville hotel of this city. He will prepare the Sunday dinner.

Mrs. Anna Stauble and Mr. and Mrs. Noah Davis went to Pickering Friday and will spend several days in the country with Mr. and Mrs. Milo Torrey and Mr. and Mrs. James Craven.

AGRICULTURAL OBJECT LESSON.

What Rotation Will Do Toward Making Bumper Yield of Both Corn and Wheat.

Just what continuous cropping will do to the soil is being demonstrated by the agricultural college of the University of Missouri on a small plot on the state farm at Columbia. For twenty-three years the ground has been put in wheat continuously, without manuring or rotation. The yield last year was five bushels an acre. The same experiment with corn, continuous cropping without fertilization or rotation, resulted in a yield of four bushels an acre.

On another plot, adjoining the one on which the continuous cropping experiment is running, a plan of rotation and fertilization is being tried out. On this plot a yield of seventy-seven bushels of corn to the acre and of thirty-three bushels of wheat to the acre is produced with ease.

The rotation scheme is one began twenty-three years ago and has been adhered to rigidly. The fertilization system employed is the use of barnyard manure.

When the experiment started twenty-three years ago many of the facts now demonstrated concerning crop rotation were undemonstrated, while mere theories. The five-acre plot tells the story of the worn-out farm without varnish. The soil has been exhausted for the elements needed in corn and wheat production, while in corn and wheat production, while on the plot treated scientifically by rotation and fertilization, the yield has crept up annually, showing that the "wearing out of the soil" is a bugbear that can be whipped.

Heard a Big Fish Story.
Mr. and Mrs. Warren L. Jones and daughter and E. F. Wolfert, Democrat candidate for treasurer, went to Quitman Thursday evening and visited two hours with friends and relatives. While there Mr. Jones was told that a fish weighing 120 pounds was caught in the Nodaway river near Burlington Junction a day or two ago, at the place where the men with the dredge boat are at work straightening and draining the river. Mr. Jones is not quite certain whether his friends told him of the incident because it is an actual fact or whether it was told to lure him there again to his favorite pastime, for we all know that Mr. Jones is quite a fisherman and has caught many a fish out of the Nodaway that was fully as large as the one he heard of Friday evening.

Went to Boicow to Attend Funeral.
A party of U. C. T. members went to Boicow Friday in automobiles to attend the funeral of one of their members, Lewis E. Sargent, who was buried Friday afternoon. In the party were E. G. Orear, Harold Ford, George A. Pickens, John L. Moore, George Moore, George Flemming, Henry Westfall and S. O. Hutchinson.

Mr. Hempstead Returned.
G. W. Hempstead returned Friday morning from South Haven, Mich., where he took the body of his son, Rudolph Hempstead, who died Saturday morning at DeSoto, Mo., for burial by the side of the body of the young man's mother.

Mrs. Seufers is Better.
Mrs. Preston Seufers is improving nicely from her accident of Sunday evening, when the hammock in which she was resting turned with her and she was thrown to the ground, breaking her leg.

W. H. WILSON DEAD

OLDEST BUSINESS MAN IN GUILFORD DIED THURSDAY.

HAD BEEN POST MASTER

Funeral Sunday at M. E. Church, South, at Guilford—Three Children Survive With His Wife.

W. H. Wilson, who was the first man in business and also the oldest business man in Guilford, died at his home in that town Thursday night at 9 o'clock, after an illness of a few weeks. He had been in bad health for some time and his death was expected.

The funeral services will be held Sunday morning at 11 o'clock in the M. E. church, South, of that town, Rev. H. C. Bolen, assisted by the present pastor, Rev. S. E. Hoover. Burial will take place at the old Graves cemetery.

Mr. Wilson was born in Buchanan county, Missouri, near DeKalb, and at the time of his death was 64 years 1 month and 15 days old. He attended the public schools and also the University of Missouri. In his early life he taught school, then went into the drug business at Whitesville, under Dr. J. A. Larabee, who is now at Barnard. He went from Whitesville to Guilford, where he went into the general merchandise business. He afterward went into the drug business and was in that business at the time of his death.

He was postmaster of Guilford for four years, from 1892 to 1896, under Cleveland's second administration. He was a member of the Guilford school board for nine terms, and was a deputy county clerk when John S. Miller was county clerk.

His first marriage occurred to Ella Berry of near Whitesville, Mo., who died in September, 1892. Two children were born of this union, Albert Wilson of Ft. Collins, Col., and Roy Wilson of Guilford. His second marriage occurred twelve years ago to Miss Rena Nelson, who survived him with a daughter, Miss Lulu Wilson. His mother, Mrs. Rosa Wilson, is still living at Guilford. The following brothers and sisters also survive: Milton Wilson, Minot, N. D.; Mrs. John Sapp of Conception; Mrs. W. T. Whitford of Oklahoma City, Okla.; James A. Wilson of near Guilford, and Mrs. George B. Rimel of Guilford.

TO MAKE TESTS SOON.

Board of Public Works Will Send Well Findings to Their Engineers.

The board of public works will send soon a report in regard to the test wells to their engineers, Hiram Phillips of St. Louis and Burns & McDonald of Kansas City, in order to find out where they think would be the best place to dig a big well to see if sufficient water could be supplied the city this way. This test will be made in the next week or so.

GUILFORD TO HAVE PICNIC.

Dates Selected Are August 22, 23 and 24—To Be Held in Whiteford Grove.

Guilford will hold their annual picnic this year, so it was decided by the business men of that town. It will be held in the M. Whitford grove, south of that town. The dates selected are August 22, 23 and 24.

Nothing Like Sympathy.

A ragged little urchin selling papers on a busy downtown corner saw a stylishly gowned woman amid the hurrying throng drop her pocketbook. Quick as a flash the boy seized it and hurried after her. Touching his cap he handed her the heavy purse. She thanked him very graciously and handed him a nickel. In a tone equally gracious he responded: "Aw, keep your nickel; I was once poor myself."

Returned to Kansas City.

Mrs. O. K. Herndon and son, who have been visiting many friends and relatives in Maryville the past week, returned to their home in Kansas City Friday morning. They had been visiting Mrs. Herndon's parents, Mr. and Mrs. J. W. Kennedy, in Parnell, before coming to Maryville. They are well pleased with their new home in Kansas City.

Mr. Hempstead Returned.

G. W. Hempstead returned Friday morning from South Haven, Mich., where he took the body of his son, Rudolph Hempstead, who died Saturday morning at DeSoto, Mo., for burial by the side of the body of the young man's mother.

STATE COMMITTEE ACTS.

A Resolution Endorsing the Democratic National Ticket and Platform.

At a recent meeting of the state central committee the following was unanimously adopted:

Resolved, by the Democratic state committee of Missouri, that we recognize in the nomination of Woodrow Wilson and Thomas R. Marshall, for president and vice president, the selection of two leaders whose lives and character typify and express the highest form of Democratic ideals and the loftiest aspirations of American citizenship and whose victory at the polls in November will realize the forward purposes of the American people.

That for ourselves and for the party in this state, and in union with the great speaker of the house of representatives, we pledge our united support to our nominees and endorse the platform of progress adopted at our national convention.

ANOTHER VEIN OF COAL AT HOPKINS

Another vein of coal five feet in depth has been found at Hopkins, where gas is being prospected for.

This five-foot vein was found at a depth of 920 feet and is of the same quality as the seven-foot vein found Wednesday at a depth of 794 feet.

The prospect for a rich find by the Hopkins Gas and Developing company is growing brighter every day. The men at the head of the work say the coal they have found and the prospects right now for oil are as good as anything they have seen in Illinois and Kansas coal and oil regions.

The well is being cased Friday to keep out the water.

Everything is bright and encouraging for the Hopkins company and the people of Maryville will rejoice with her progressive neighbors on the north in the good fortune that is now theirs and the greater fortune that seems near at hand.

W. R. PAINTER HERE.

Is the Democratic Candidate for the Nomination for Lieutenant Governor.

W. R. Painter of Carrollton, Mo., and also editor of the Democrat of that place was in Maryville Thursday night and Friday in the interest of his candidacy for lieutenant governor of Missouri.

discovery for the Democratic nomination for lieutenant governor of Missouri. Mr. Painter met a number of Democrats here. He was the candidate for lieutenant governor four years ago, but was defeated at the election. He is a good man for the place.

Mrs. Peter Gross of Stanberry, who has been the guest of Mrs. Theodore Blatter for several days, returned home Friday.

Here From Idaho.

Mrs. Frank Lund of Yukon, Idaho, is visiting Mrs. Lillie Lund of Arkoe. She is here on business relative to the estate of her father, the late Frank Partridge. Mrs. Lund has also been visiting in Maryville with her sister, Mrs. John Stundon, and with her mother-in-law, Mrs. Mary Lund.

Visiting Her Children.

Mrs. George Aley of Burlington Junction is in Maryville on a visit to her children, Mrs. Lon Fordyce and John W. Aley. Mrs. Aley is 82 years old and is as active as her children and gets as much enjoyment out of life as they do.

Here From Maitland.

An auto party composed of the following was in the city Friday on business: Rev. A. C. Brown, J. E. Weller and son, Hiram Weller, Jack Worley and Mr. McNeal.

CELEBRATE AUG. 1

THIRTY-EIGHTH ANNIVERSARY OF EMANCIPATION PROCLAMATION.

A BAND AND A QUARTET

Four speakers, a Special Reader, Many Races and Other Amusements on the Program.

Great preparations are being made by the colored people of this city for their celebration to be held at the Franklin ward school park on Thursday, August 1. A fine program has been prepared and contains B. R. Martin of St. Joseph and W. E. Wiles of this city, and N. C. Crews of Kansas City and Dr. M. O. Ricketts of St. Joseph. A special speech is to be given by Mrs. Ethel Beck of Philadelphia.

Musical is to be furnished by the First Regiment band of Omaha. Another musical organization on the program is the Queen City Quartet company of St. Joseph.

The reading of the emancipation proclamation will be by Miss Ora Maulden of Oregon, Mo., and a special reading will be given by Mrs. Daniel Brown of Blanchard, Ia. In addition to the program, there will be sack races, hurdles and foot races.

This is the thirty-eighth annual colored emancipation proclamation celebration, and big times are being planned.

News of Society and Womens' Clubs

Friday Morning Enchere.

Mrs. J. W. Tool and her daughter, Miss Brownie, gave their second morning enchere this week Friday at 9:30, entertaining twenty-four guests. The prize, a pair of black silk hose, went to Miss Dorothy Pierce. The out-of-town guests were Mrs. John W. Thompson of Kansas City, who was the party guest of her niece, Mrs. Frank Garrett, and Miss Retta Sanders and Miss Jessie Ladwig of St. Joseph, guests of Mrs. R. G. Sanders.

Entertained for Relatives.

Mrs. G. B. Holmes entertained informally Wednesday afternoon in compliment to her cousin, Mrs. S. H. Holmes of Kansas City, who is her guest. Those in the company were Mrs. Edward G. Orear, who is an old friend of the honor guest; Mrs. J. P. Montgomery and daughter, Miss Ruth; Mrs. O. L. Holmes, Mrs. Dan Holmes and daughter, Mary Electa, and her sister, Miss Charlene Bean of Creston, Ia.; Mrs. J. S. Shinabargar and daughter, Miss Mildred, and Mrs. Shinabargar's mother, Mrs. Satterlee, and Miss Helen Pickett of Leavenworth, Kan., granddaughter of the guest of honor. The hostess was assisted by her daughter, Miss Lucile.

Picnic at Cherrycroft.

Miss Ruth Montgomery was the hostess Thursday evening at the picnic luncheon given by "The Bridgits," of whom she is a member. A regular picnic supper was served on the lawn and an impromptu piano musicale followed, given by the young ladies of the party. Covers were laid for Miss Gowney, Mr. Hosick Holmes, Marie Wells, Mr. Lieber Holme, Neva Airy, Mr. Lona Perrin, Grace Sturm, Mr. Fred Lewis, Glen Hotchkiss, Mr. Flemming Carpenter, Miss Allie Fraser, Mr. Hor Shippis, Miss Helen Dunn, Mr. An Chris Cummins, Miss Anna Bainum, Mr. Harry Wilson, Miss Ella Waite, Frank, Mr. Dale Bellows, Miss Ruth Montgomery, Mr. Fred Bellows.

TO ST. JOSEPH HOSPITAL.

Mrs. Mary Schmidt of Graham Taken to City for X-Ray Treatment.

Mrs. Mary Schmidt, the mother of J. M. and C. C. Schmidt of Graham, who sustained a hip injury on the 4th of July, while attending the celebration, was taken to St. Joseph Friday morning by her physicians, Dr. W. S. Rowlett and Dr. Morgan, for X-ray examination by Dr. Morton of that city.

Mrs. Schmidt's injury was a hip dislocation, but another dislocation has occurred since the physicians reduced it, and they wish to find the cause thereof.

Mrs. Schmidt was at the home of J. M. Schmidt in Graham until Saturday evening, when she was removed to C. C. Schmidt's home, near there.

PIERCE FLEMING IMPROVING.

Disfigured Victim of Graham Fire Passing Through Grafting Process Nicely.

Pierce Fleming, the Graham young man who was nearly burned to death last January when the palatial residence of his father, Thomas E. Fleming, burned to the ground on his farm, near Graham, returned home from a Kansas City hospital Thursday and will remain for awhile.

Mr. Fleming has been in Kansas City several weeks undergoing the painful and difficult skin grafting process for his face. One side is completed and has proven highly successful, although there are slight traces of the scars.

He has stood the ordeal splendidly and will return after a rest and submit himself to the same treatment for the other side of his face.

Mr. Fleming will carry the scars of his burns to his grave, his father said Friday, but they will not be disfiguring, the grafting overcoming that in great measure. This will be good news to the young man's friends, who have been anxiously waiting the result of the operation.

To Bailie Waggener's Picnic.

Miss Margaret and Luther DeMoss of Stanberry were in Maryville Friday morning on their way to Atchison, Kan., to visit their uncle, Charles DeMoss, and attend the great annual picnic given the children of Atchison by the Hon. Bailie Waggener.

On a Week's Visit.

Sheriff W. R. Tilson and his family left Thursday for a week's visit at Rosendale, Savannah and St. Joseph with relatives. At Rosendale they will visit with Mr. Tilson's parents, Mr. and Mrs. W. H. Tilson.

Council to Meet Tonight.

POLITICAL ANNOUNCEMENT.**For Sheriff.**

We are authorized to announce Mar-
tin H. Horrusch of Polk township is a
candidate for the nomination of sheriff
of Nodaway county, subject to the de-
cision of the Republican voters at the
August primary.

The Smiler.

There's an idiotic fellow, whom I
meet where'er I go;
He's a crazy kind of fellow all the
little children know.
You wouldn't think him silly from his
manner or his style;
Still, it seems, he must be foolish, for
he always wears a smile.

When the way is long and weary and
the load is hard to bear,
When you're weighted down with trou-
ble and there's no one seems to
care,

That's the time this foolish fellow
comes a-singing up the road,
With a word and smile to cheer you
and to help you with your load.

With his smiling "Buck up, partner,
'cause we're bound to pull it
through;

Though your load's too big for one
man, it's a little load for two."
and you feel yourself uplifted with
the strength to play your part,
With his arm to aid your body and his
smile to brace your heart.

No, he hasn't got ambition, but his
lifework never ends;
He knows a million people, and he's
got a million friends.

He doesn't strive for fame and wealth,
he hasn't got a goal;
He's just a simple fellow, with God's
sunshine in his soul.

Yes, he's just a foolish fellow, with
the eyes that cannot see
All the misery and sadness that are
plain to you and me.

But he knows the joy of living, all that
makes the world worth while;
And I'd like to be as foolish as the
man behind the smile.

OVERTURES TO CLARK.**Bryan Extends Olive Branch to Beaten
Candidate.**

William J. Bryan, in a Commoner
editorial today, extends the olive
branch to Champ Clark.

"All Democratic candidates for con-
gress in the Ninth Missouri district
have withdrawn in order that Champ
Clark may have an uncontested field,"
he says. "This gracious act will meet
with the approbation of men of all
parties. Unquestionably Mr. Clark
met with a great disappointment at
Baltimore, and political disappoint-
ments are often very keen. They cut
to the very quick the unsuccessful
candidate himself and they press most
heavily upon those nearest and dearest
to him. But such things are to be
classed among the fortunes of war and
men of experience and judgment may
sweep them aside as altogether incon-
sequential.

"Surely Mr. Clark will find consol-
ation in the assurances of affection that
come from his old-time neighbors and
the graceful act of the ambitious men
of his district who would probably be
glad of the opportunity to serve a term
or two in congress.

"Mr. Bryan claims a place among
those who are rejoiced by these inci-
dents, and who would be glad to see
the highest sort of happiness enter
the life of Champ Clark, and the life
of everyone he loves."

CATARH OF STOMACH.**Indigestion and Stomach Agony Quick-
ly Ended.**

If you went to thirty doctors and
paid each his fee for a prescription for
indigestion or stomach misery it is ten
chances to one you wouldn't get such a
good prescription as the one from
which MI-ONA stomach tablets are
made.

How can such a thing be? you nat-
urally ask.

Simply because the man who wrote
the prescription from which MI-ONA
tablets are made knows more about
stomach diseases than 96 per cent of
all the physicians in America, and he

AMERICAN SOLDIER THE BEST

World's Records for Marksmanship All
His, and He is Trained to Act
on His Own Initiative.

If there is one big, distinguishing
trait of the United States regular, it
is individuality. In every one of the
great foreign military nations, particu-
larly Germany and Japan, battalion
and company officers and enlisted men
are carefully trained not to think for
themselves. They are used as mere
chess pieces under the guidance of a
master mind. In this country, where
our melting pot has yielded us an ex-
traordinary self-reliant, cool thinking,
intensive initiative product, it is only
natural that our soldiers should be
trained as are our civilians.

The United States army spends an-
nually on rifle target practice five
times the sum spent by any other
army of an equal number of men. It
applies, too, to our field and coast ar-
tillery. As a result, no better mark-
smen can be found than the American
soldier and his cousin, the national
guardsman, who is trained along the
same lines. Every world's fire con-
trol and accuracy record with rifle and
big gun is today held by the American
soldier.

The United States army is small, in
accordance with the will of the people
not to support a large standing mili-
tary establishment. But what we
have is almost 100 per cent. efficient,
the splendid nucleus of the big army
of regulars, militia and volunteers
which we should place in the field if
occasion required. It is only in equip-
ment—quartermaster, commissary,
medicine and particularly ordnance
stores—that our army is lacking.—

SHE COULD NOT REMEMBER

Absent-Minded Woman's Peculiar Rea-
son for Wanting to Be Rung Up
on the 'Phone.

Absent-minded persons sorely try
the patience of girls in the New
Rochelle telephone office. Not long
ago a woman confessed herself sub-
ject to extreme forgetfulness and re-
quested the day operator on her ex-
change to ring her up every morning
at 9 o'clock. A week later she said:

"Central, what was it I wanted you
to call me for at 9 o'clock?"

"I don't know," said the girl. "You
didn't tell me. You just asked me to
call at 9 o'clock."

"Too bad," said the woman. "I
know there was something I wanted
to do every morning at 9 o'clock, but
I can't for the life of me think what
it was."

The 9 o'clock calls continued, how-
ever, and several days later the wom-
an took central into her confidence
again.

"I have found out why I wanted to
be called," she said. "A friend had
given me a canary and I wanted to
make sure of remembering to feed it.
The poor little thing is nearly starved.
Hereafter when you ring won't you
just say, 'Feed the bird,' and I'll go
straight and do it."

Central promised, and the neglected
canary is now a plump and contented
bird.—New York Times.

Rousseau's Etiquette of Love.

Before Rousseau love was a highly
refined form of social intercourse, a
species of gallantry conducted with
self-restraint, and all the formalities
of special etiquette; any extravagance,
whether in feeling, in speech, or in
action, was banished. But when Saint-
Preux, oppressed by his high-strung
passions, came to the rock at Meillere
to pour forth in solitude the flood of
his sentimental tears, all the witty re-
finements of eighteenth century gal-
lantry, for good or for evil, were final-
ly swept away; extravagance was free
to lay down the law in love. It was
Rousseau who enabled Mirabeau, in
his first letter to Julie Danvers (whom
he had never seen), to declare, "I also,
am a lover, have emptied the cup of
sensibility to the dregs, and could
give a thousand lives for what I love."
It was Rousseau who laid down a new
etiquette of love which every petty
poet and novelist still adheres to.—

Patented Articles Must Be Marked.

We are all accustomed to see a pa-
tented article marked "Patented," with
the date of the patent. It is doubtful,
however, whether one in a hundred,
or in five hundred, who notices the
mark realizes its importance to the
patentee. The statute on the subject
makes it the duty of all patentees or
those holding under or making the
patented article for them to apply the
mark "Patented," together with the
day and year the patent was granted,
and the same statute provides as a
penalty for not marking that "in any
suit for infringement by the party
failing to so mark no damages shall
be recovered by the plaintiff, except
on proof that the defendant was duly
notified of the infringement, and con-
tinued, after such notice, to make, use
or vend the article so patented."—

Ministerial Economy.

Considering his meagre salary, it
was a mystery to economical parliam-
enters how the minister could afford
to contribute so liberally to the
church's social affairs, but another
financial expert finally explained that
it was a good investment.

"The money he contributes makes
these entertainments so attractive,"
he said, "that the young people fall
in love and marry, and he makes it
back many times over on the wedding
fees."

LaPorte, Ind.

Seasonable hints—"The good old
summer time" is always welcome, and
we now have it with us, with all the
pleasant gifts that it brings, also with
all the unpleasantness. While we
should be thankful for the former, we
should guard against the latter, and
we can very much with a little care
and discretion.

The green and fresh fruits and vege-
tables of the season are a contin-
uous delight, and the farmer and mar-
ket gardener, with modern helps and
ideas, bring to our tables, in all their
perfection and at insignificant cost.
Less, in fact, than we can, generally,
afford to cultivate them, unless in the
business. But nevertheless we appre-
ciate such things when we raise them
ourselves, even at a somewhat greater
expense.

With these good things from the
temptation to over-indulgence in them,
comes the most direct drawback. With
the added heat and more open air ex-
ercise, the consequent increase of ap-
petite and the allurements of fresh
melons, fruits and garden produce,
constant care is required to prevent
diarrhoea, dysentery, cholera morbus
and other troubles of the bowels,
which bring in their train susceptibility
to fevers, nervousness and many
other ills. Hence the motto should al-
ways be: "Guard well the citadel of
health—the stomach."

Grown folks should know, and gen-
erally do, how to set the guard, but
they have a double duty when they
have any part of the control of chil-
dren. The little ones do not know so
well about the virtues of avoidance,
hence they are the most frequent suf-
ferers from the green fruits, etc., and
should be particularly looked after all
the time, not only because they are the
most liable to injurious influences, but
because they are not so able to with-
stand the attack of colic, cramps, dys-
entery and all that as more mature
persons.

Club Notes.

The most numerous causes of diar-
rhoea are indigestion, over-eating,
drinking too much ice water when not
accustomed to it, eating unripe or un-
sound fruit and vegetables that do
not agree with the stomach, often a
sudden chilling of the body by ex-
posure to rain or a great or quick
change in temperature, etc. This
drives the secretions inward, or checks
them entirely, as, for instance, the
sudden stoppage of perspiration, and
thus cause congestion, that nature
seeks to relieve by what seems to be
dysentery.

As mentioned before, many of those
may be avoided by necessary

may be used freely the year round
and does good rather than harm. More-
over, the best ice water or the best of
any water, as to that, is water of ice,
meaning water that is made from
melting ice, kept in a container, de-
signed for that purpose, though it may
be obtained—but more expensively in
the end—from ice that melts in an or-
dinary water cooler, a big pitcher, or
a bucket, or other receptacle of the
kind. It is coming to be known, from
scientific experiment, that this is the
purest, hence the best water one can
obtain. But on this subject we have
lately sent out an article that goes
into the subject in detail.

Dear Doctor: Have suffered off and
on for the last week with a severe
burning and itching between the fin-
gers and toes, sometimes followed by
minute round vesicles in which there
is a clear fluid. There is no redness.
They dry up in a few days, leaving a
scale. My doctor does not seem to
know quite what it is. J. B.
Am inclined to think the trouble is
what is known as cheiro-pompholyx,
which is quite frequently met with. It
is characterized by the formation of
little round blisters, usually upon the
hands and feet. Persons in ill health
or those of a nervous temperament
usually are the sufferers. The disease
seems to be dependent upon insuffi-
cient action of the nerves of the skin.
Oxide of zinc, rubbed up with vase-
line and applied every six hours will
relieve the itching. The vesicles
should not be opened. The nerve ac-
tion should be increased by appropri-
ate treatment, plenty of fresh air and
healthful food supplied. Keep your
mind cheerful and provide rest.

WENTY KILLED IN CLOUDBURST

Small Nevada Town Entirely Washed Away.

HOTEL IS TURNED UPSIDE DOWN

In Similar Storm at Jacob's Creek, Pa., Entire Family of Nine Was Exterminated—Water Threatens Tonopah, Nev.

Reno, Nev., July 19.—Twenty lives were reported lost in a cloudburst that washed away the small town of Seven Troughs, Nev.

From Lovelock, near Seven Troughs, came word that four persons were known to be dead, and that the hotel at Mazuma had been turned upside down by the rush of waters.

Communication by wire was badly crippled, and the roads were so furrowed that automobiles were obliged to make wide detours in seeking news.

A special from Lovelock says: "First report of dead is John Trenchard, a Mazuma merchant, whose body was found three miles from his home. His wife also died."

At Tonopah Junction, a cloudburst washed away a mile of track of the Nevada & California narrow gauge branch of the Southern Pacific between Mine and Keeler. No lives are reported lost. Telegraph wires are down. The course of the 5-foot wall of water is toward Tonopah, some 50 miles south.

Storm Drowns Nine.
Jacob's Creek, Pa., July 19.—Nine persons were drowned in a cloudburst in Barren Run near here.

The dead are Mrs. John Raymond, her six children, her brother, Michael Rovinsky, and her mother.

In the storm Raymond went from his house to the barn, in a ravine near Barren Run. He did not return and after waiting two hours, the wife, her children and the other members of the family became frightened and went in search of him. As they reached the ravine a wall of water swept down and carried them away. Raymond was safe in the barn and escaped.

SLUGGED AND LEFT ON RAILROAD

Kansas Farmer, Rescued, Tells His Story—Three Arrests Made—Believed to Be Work of Gang.

Winfield, Kas., July 19.—Silas Blackburn, a farmer living near here, was picked up unconscious on the Santa Fe railroad tracks and taken by a freight crew to Udall.

He has just become able to tell his story. He said he had taken a cab ride with some men, who took him to a lonely place and slugged and robbed him. They took even his cap and shoes. Then they laid him on the track to be run over by a train. Though helpless from the blow, he could hear and understand what they were doing.

The sheriff's force arrested three men and charged them with the crime. In those arrested the officers believe they have secured the gang responsible for several recent murders resembling the one just attempted.

TO "REFORM" SALOON BUSINESS

Los Angeles Plans to Reduce Number and Increase Restrictions—Must Close at 6 P. M.

Los Angeles, July 19.—If plans submitted to the city council by the police commission are enacted into laws, saloons in Los Angeles hereafter will close at 6 p. m.; it will be a misdemeanor to treat your friend; no salty substance likely to promote thirst can be served at the free lunch counter; one drink at lunch hour will be the limit and the total number of saloons in the city, now 200, will be reduced gradually to 100.

The proposed changes were submitted to the council to be considered in connection with the ordinance abolishing free lunches. Public hearings will be held and many club women have announced that they will be present.

Thrashing Engine Blew Up.

Salina, Kan., July 19.—Arthur Atkinson, owner of a thrashing outfit and acting as the engineer, was injured probably fatally when his engine blew up on L. O. Moon's farm, near Culver. The engine was totally demolished. Atkinson was blown 50 feet, his leg was broken, one eye was injured and he was severely scalded. Others of the crew were injured slightly.

Bandit Killed in Alabama.

Montgomery, Ala., July 19.—In a fight at Alexander City between a posse and a gang believed to have robbed the Auburn postoffice recently, one of the robbers was killed. It is believed the men were involved in the \$150,000 robbery of the Queen & Crescent train in Mississippi recently.

Costly Home Burned.

Palmira, Mo., July 19.—The costly suburban home of Mrs. Grace B. Kipp, just outside the limits of this city, was destroyed by fire. The house was one of the handsomest in this section and was expensively furnished. The fire originated from a defective flue.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

A WORD WITH WOMEN.

Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 801 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Narrow Vale.

Life is a narrow vale between the cold And barren peaks of two eternities. We strive in vain to look beyond the heights,

We cry aloud; the only answer Is the echo of our wailing cry. From the voiceless lips of the unreplying dead

There comes no word, but in the night of death Hope sees a star, and listening love can hear

The rustle of a wing. These myths were born of hopes, and fears, and tears, And smiles; and they were touched and colored

By all there is of joy and grief between The rose dawn of birth and death's sad night. They clothed even the stars with passion,

And gave to gods the faults and frailties Of the son of men. In them the winds And waves were music, and all the lakes and streams,

Springs, mountains, woods and perfumed dells Were haunted by a thousand fairy forms.

MARYVILLE, MISSOURI, FRIDAY, JULY 19, 1912.

HIS WIFE AFTER HIM

MARTS' TROUBLES NOT ENDED
AND HE IS BACK IN JAIL.

HELD FOR IOWA WARRANT

Requisition Papers Will Be Necessary
to Take Prisoner to Iowa to Answer to Wife Desertion.

The warrant from Ottumwa, Ia. for the arrest of Alfred Marts arrived in the city Friday morning. It was received by Deputy Sheriff J. L. Tilson, and he took charge of the prisoner at once. He placed him in the county jail.

The warrant charges Marts with the crime of desertion and the prosecuting witness is his wife at Ottumwa, whom he has been separated from for the past four years. Marts will not go back to Iowa without requisition papers, and Mr. Tilson informed the authorities at Ottumwa of that fact Thursday afternoon. As it will take two or three days for requisition papers, Marts will be held at the county jail until that time, when the officers will arrive to take him back.

As soon as word was received in the city Thursday of another warrant for the arrest of Marts, a message was sent to his father, who had just left Maryville after clearing the situation here, but the message failed to reach him. However, it is thought that the elder Marts will return to Maryville in a day or so.

Marts was just released from the county jail Wednesday, his father having given bond for \$300. The charge here against Marts was wife abandonment, the charge being made before it was discovered that he was not married to the woman at St. Francis hospital, whom he deserted two weeks ago, just after she had given birth to their third child. Both Marts and the woman declared that they have been living together for four years and waiting for the real Mrs. Marts to get a divorce, which she never did. The woman at the hospital, it is understood, will not institute proceedings against the man whom she has called her husband. Arrangements were made by the elder Mr. Marts to take care of her and her children.

This is the first time that a case of this kind has ever been up in Nodaway county. Alfred Marts is real sorry now and admits that he has done wrong.

The case here will come up at the November term of court. W. E. Wilos is the attorney for Mr. Marts.

GAVE RECEPTION TO FACULTY.

The Nodaway County Club at the Normal Were Host at Reception Thursday Evening.

The Nodaway County club, composed of the students from this county attending the Normal, entertained the faculty of the school and the other students at a reception held Thursday evening in the auditorium of the Normal. The following is the program that was given:

Piano duet by Misses Kemp and Amy.
Reading by Prof. Miller.
Solo by Miss Annette Loran.
Reading by A. R. Malone.
Trombone solo by Erville Stafford.
Reading by Miss Lulu Hughes.
Solo by Miss Glenn Hotchkiss.
Piano solo by Miss Helene Young.
Solo by Miss Winifred Carpenter.
Reading by Phillip Parcher.
Duet by Misses Edith Wilson and Ruth Hall.

After the program was given refreshments were served in the corridors of the building.

Services Held at Barnard.

Mrs. Abe Kimes, who died in Kansas Tuesday night, was buried Friday afternoon at the cemetery in Barnard. The services were held in the M. E. church of that town, conducted by Rev. DeWitt. Mrs. Kimes was formerly a resident of Barnard, being a daughter of the late Jim Thompson, who was section boss at that town.

New Chef at Linville.

Frank Smart, who has been the chef for the Hotel Garland at Bedford, Ia., for some time will begin work Sunday morning in the same capacity for the Linville hotel of this city. He will prepare the Sunday dinner.

Mrs. Anna Stauble and Mr. and Mrs. Noah Davis went to Pickering Friday and will spend several days in the country with Mr. and Mrs. Milo Torrey and Mr. and Mrs. James Craven.

AGRICULTURAL OBJECT LESSON.

What Rotation Will Do Toward Making Bumper Yield of Both Corn and Wheat.

Just what continuous cropping will do to the soil is being demonstrated by the agricultural college of the University of Missouri on a small plot on the state farm at Columbia. For twenty-three years the ground has been put in wheat continuously, without manuring or rotation. The yield last year was five bushels an acre. The same experiment with corn, continuous cropping without fertilization or rotation, resulted in a yield of four bushels an acre.

On another plot, adjoining the one on which the continuous cropping experiment is running, a plan of rotation and fertilization is being tried out. On this plot a yield of seventy-seven bushels of corn to the acre and of thirty-three bushels of wheat to the acre is produced with ease.

The rotation scheme is one begun twenty-three years ago and has been adhered to rigidly. The fertilization system employed is the use of barnyard manure.

When the experiment started twenty-three years ago many of the facts now demonstrated concerning crop rotation were undemonstrated and were mere theories. The five-acre plot tells the story of the worn-out farm without varnish. The soil has been exhausted for the elements needed in corn and wheat production, while in corn and wheat production, while on the plot treated scientifically by rotation and fertilization, the yield has crept up annually, showing that the "wearing out of the soil" is a bugbear that can be whipped.

St. Louis Live Stock Market.

National Stock Yards, Ill., July 18.
Cattle receipts, 1,800. Steers steady; butcher cattle strong today. Compared with last week's close butcher cattle have advanced 25c, steers 10c. Prospects at this writing are rather favorable for next week. Top steers, \$9.50; heifers, \$8.25; cows, \$7.25; calves, \$9.00; bulls, \$6.75.
Hog receipts, 5,500. Market 5c to 10c higher today. Best hogs sold at \$7.75.
Sheep receipts, 2,500. Lambs weak at yesterday's prices. We obtained the top at \$7.00. Fair to good lambs sold at \$5.75 to \$6.50; culls, \$4.00 to \$4.75. The eastern trade has been affected by the hot weather and packers are indifferent. Heavy receipts will undoubtedly put the lamb trade to the bad. Sheep steady, selling largely at \$4.25. Bucks, \$3.00. Choice black face breeding ewes command \$4.75 to \$5.10, and good to choice stock sheep \$3.50 to \$4.00.

Heard a Big Fish Story.

Mr. and Mrs. Warren L. Jones and daughter and E. F. Wolfert, Democratic candidate for treasurer, went to Quitman Thursday evening and visited two hours with friends and relatives. While there Mr. Jones was told that a fish weighing 120 pounds was caught in the Nodaway river near Burlington Junction a day or two ago, at the place where the men with the dredge boat are at work straightening and draining the river. Mr. Jones is not quite certain whether his friends told him of the incident because it is an actual fact or whether it was told to lure him there again to his favorite pastime, for we all know that Mr. Jones is quite a fisherman and has caught many a fish out of the Nodaway that was fully as large as the one he heard of Friday evening.

Went to Bolckow to Attend Funeral.

A party of U. C. T. members went to Bolckow Friday in automobiles to attend the funeral of one of their members, Lewis E. Sargent, who was buried Friday afternoon. In the party were E. G. Orear, Harold Ford, George A. Picken, John L. Moore, George Moore, George Flemming, Henry Westfall and S. O. Hutchinson.

Mrs. Preston Seafers is improving nicely from her accident of Sunday evening, when the hammock in which she was resting turned with her and she fell to the ground, breaking her

W. H. WILSON DEAD

OLDEST BUSINESS MAN IN GUILFORD DIED THURSDAY.

HAD BEEN POST MASTER

Funeral Sunday at M. E. Church, South, at Guilford—Three Children Survive With His Wife.

W. H. Wilson, who was the first man in business and also the oldest business man in Guilford, died at his home in that town Thursday night at 9 o'clock, after an illness of a few weeks. He had been in bad health for some time and his death was expected.

The funeral services will be held Sunday morning at 11 o'clock in the M. E. church, South, of that town, Rev. H. C. Bolen, assisted by the present pastor, Rev. S. E. Hoover. Burial will take place at the old Graves cemetery.

Mr. Wilson was born in Buchanan county, Missouri, near DeKalb, and at the time of his death was 64 years 1 month and 15 days old. He attended the public schools and also the University of Missouri. In his early life he taught school, then went into the drug business at Whitesville, under Dr. J. A. Larrabee, who is now at Barnard. He went from Whitesville to Guilford, where he went into the general merchandise business. He afterward went into the drug business and was in that business at the time of his death.

He was postmaster of Guilford for four years, from 1892 to 1896, under Cleveland's second administration. He was a member of the Guilford school board for nine terms, and was a deputy county clerk when John S. Miller was county clerk.

His first marriage occurred to Ella Berry of near Whitesville, Mo., who died in September, 1892. Two children were born of this union, Albert Wilson of Ft. Collins, Col., and Roy Wilson of Guilford. His second marriage occurred twelve years ago to Miss Rena Nelson, who survived him with a daughter, Miss Lulu Wilson. His mother, Mrs. Rosa Wilson, is still living at Guilford. The following brothers and sisters also survive: Milton Wilson, Minot, N. D.; Mrs. John Sapp of Conception; Mrs. W. T. Whiteford of Oklahoma City, Okla.; James A. Wilson of near Guilford, and Mrs. George B. Rimel of Guilford.

TO MAKE TESTS SOON.

Board of Public Works Will Send Well Findings to Their Engineers.

The board of public works will send soon a report in regard to the test wells to their engineers, Hiram Phillips of St. Louis and Burns & McDonald of Kansas City, in order to find out where they think would be the best place to dig a big well to see if sufficient water could be supplied the city this way. This test will be made in the next week or so.

GUILFORD TO HAVE PICNIC.

Dates Selected Are August 22, 23 and 24—To Be Held in Whiteford Grove.

Guilford will hold their annual picnic this year, so it was decided by the business men of that town. It will be held in the M. Whiteford grove, south of that town. The dates selected are August 22, 23 and 24.

Nothing Like Sympathy.

A ragged little urchin selling papers on a busy downtown corner saw a stylishly gowned woman amid the hurrying throng drop her pocketbook. Quick as a flash the boy seized it and hurried after her. Touching his cap he handed her the heavy purse. She thanked him very graciously and handed him a nickel. In a tone equally gracious he responded: "Aw, keep your nickel; I was once poor myself."

Returned to Kansas City.

Mrs. O. K. Herndon and son, who have been visiting many friends and relatives in Maryville the past week, returned to their home in Kansas City Friday morning. They had been visiting Mrs. Herndon's parents, Mr. and Mrs. J. W. Kennedy, in Parnell, before coming to Maryville. They are well pleased with their new home in Kansas City.

Mr. Hempstead Returned.

G. W. Hempstead returned Friday morning from South Haven, Mich., where he took the body of his son, Rudolph Hempstead, who died Saturday morning at DeSoto, Mo., for burial by the side of the body of the young man's mother.

STATE COMMITTEE ACTS.

A Resolution Endorsing the Democratic National Ticket and Platform.

At a recent meeting of the state central committee the following was unanimously adopted:

Resolved, by the Democratic state committee of Missouri, that we recognize in the nomination of Woodrow Wilson and Thomas R. Marshall, for president and vice president, the selection of two leaders whose lives and character typify and express the highest form of Democratic ideals and the loftiest aspirations of American citizenship and whose victory at the polls in November will realize the forward purposes of the American people.

That for ourselves and for the party in this state, and in union with the great speaker of the house of representatives, we pledge our united support to our nominees and endorse the platform of progress adopted at our national convention.

ANOTHER VEIN OF COAL AT HOPKINS

Another vein of coal five feet in depth has been found at Hopkins, where gas is being prospected for.

This five-foot vein was found at a depth of 920 feet and is of the same quality as the seven-foot vein found Wednesday at a depth of 794 feet.

The prospect for a rich find by the Hopkins Gas and Developing company is growing brighter every day. The men at the head of the work say the coal they have found and the prospects right now for oil are as good as anything they have seen in Illinois and Kansas coal and oil regions.

The well is being cased Friday to keep out the water.

Everything is bright and encouraging for the Hopkins company and the people of Maryville will rejoice with her progressive neighbors on the north in the good fortune that is now theirs and the greater fortune that seems near at hand.

W. R. PAINTER HERE.

Is the Democratic Candidate for the Nomination for Lieutenant Governor.

W. R. Painter of Carrollton, Mo., and also editor of the Democrat of that place was in Maryville Thursday night and Friday in the interest of his candidacy for the Democratic nomination for lieutenant governor of Missouri.

W. R. PAINTER.

His candidacy for the Democratic nomination for lieutenant governor of Missouri. Mr. Painter met a number of Democrats here. He was the candidate for lieutenant governor four years ago, but was defeated at the election. He is a good man for the place.

SO THE DANCING MASTERS SAY

CELEBRATE AUG. 1

THIRTY-EIGHTH ANNIVERSARY OF EMANCIPATION PROCLAMATION.

A BAND AND A QUARTET

Four speakers, a Special Reader, Many Races and Other Amusements on the Program.

Great preparations are being made by the colored people of this city for their celebration to be held at the Franklin ward school park on Thursday, August 1. A fine program has been prepared and contains B. R. Martin of St. Joseph and W. E. Wiles of this city, and N. C. Crews of Kansas City and Dr. M. O. Ricketts of St. Joseph. A special speech is to be given by Mrs. Ethel Beck of Philadelphia.

Music is to be furnished by the First Regiment band of Omaha. Another musical organization on the program is the Queen City Quartet company of St. Joseph.

The reading of the emancipation proclamation will be by Miss Ora Maulden of Oregon, Mo., and a special reading will be given by Mrs. Daniel Brown of Blanchard, Ia. In addition to the program, there will be sack races, hurdles and foot races.

This is the thirty-eighth annual colored emancipation proclamation celebration, and big times are being planned.

RETURNED FROM ILLINOIS.

Mayor Robey and Three Sons and W. L. Robey Back From Visit With Relatives.

Mayor Arthur S. Robey and sons and Mayor Robey's brother, W. L. Robey, returned Friday morning from a ten days' visit at Neoga, Ill., where they visited their sick sister, Mrs. Martha Baker. From Neoga they went to Stewartson, Ill., where they visited their mother, Mrs. Ella Robey.

TO GIVE ORGAN RECITAL.

Prof. P. O. Landon to Give One for the Normal Students and Public.

An organ recital will be given Saturday evening at 7:30 o'clock at the First M. E. church by Prof. P. O. Landon of the Conservatory of Music for the Normal students and the public. It will be free. Prof. Landon will explain the construction of a pipe organ and how to operate one, after which he will give several numbers on the pipe organ.

Here From Idaho.

Mrs. Frank Lund of Yukon, Idaho, is visiting Mrs. Lillie Lund of Arkoe. She is here on business relative to the estate of her father, the late Frank Partridge. Mrs. Lund has also been visiting in Maryville with her sister, Mrs. John Stundon, and with her mother-in-law, Mrs. Mary Lund.

Visiting Her Children.

Mrs. George Aleo of Burlington Junction is in Maryville on a visit to her children, Mrs. Lon Fordyce and John W. Aleo. Mrs. Aleo is 82 years old and is as active as her children and gets as much enjoyment out of life as they do.

Here From Maitland.

An auto party composed of the following was in the city Friday on business: Rev. A. C. Brown, J. E. Weller and son, Hiram Weller, Jack Worley and Mr. McNeal.

Mrs. Peter Gross of Stanberry, who has been the guest of Mrs. Theodore Blatter for several days, returned home Friday.

News of Society and Womens' Clubs

Friday Morning Euchre.

Mrs. J. W. Toel and her daughter, Miss Brownie, gave their second morning euchre this week Friday at 9:30, entertaining twenty-four guests. The prize, a pair of black silk hose, went to Miss Dorothy Pierce. The out-of-town guests were Mrs. John W. Tompkins of Kansas City, who was the party guest of her niece, Mrs. Frank Garrett, and Miss Retta Sanders and Miss Jessie Ladwig of St. Joseph, guests of Mrs. R. G. Sanders.

Entertained for Relatives.

Mrs. G. B. Holmes entertained informally Wednesday afternoon in compliment to her cousin, Mrs. S. H. Holmes of Kansas City, who is her guest. Those in the company were Mrs. Edward G. Orear, who is an old friend of the honor guest; Mrs. J. F. Montgomery and daughter, Miss Ruth; Mrs. O. L. Holmes, Mrs. Dan Holmes and daughter, Mary Electa, and her sister, Miss Charlene Bean of Creston, Ia.; Mrs. J. S. Shinabargar and daughter, Miss Mildred; and Mrs. Shinabargar's mother, Mrs. Satterlee, and Miss Helen Pickett of Leavenworth, Kan., granddaughter of the guest of honor. The hostess was assisted by her daughter, Miss Lucile.

Picnic at Cherrycroft.

Miss Ruth Montgomery was the hostess Thursday evening at the picnic luncheon given by "The Bridgits," of whom she is a member. A regular picnic supper was served on the lawn and an impromptu piano musicale followed, given by the young ladies of the party. Covers were laid for Miss Growney, Mr. Hosick Holmes, Marie Wells, Mr. Lieber Holmes, Neva Airy, Mr. Lona Perrin, Grace Sturm, Mr. Fred Lewis, Glen Hotchkiss, Mr. Flemming Carter, Miss Allie Fraser, Mr. Ho Shippis, Miss Helen Dunn, Mr. An Chris Cummins, Miss Anna Baimus, Mr. Harry Wilson, Miss Ella Wain, Frank, Mr. Dale Bellows, Miss Ruth Montgomery, Mr. Fred Bellows.

TO ST. JOSEPH HOSPITAL.

Mrs. Mary Schmidt of Graham Taken to City for X-Ray Treatment.

Mrs. Mary Schmidt, the mother of J. M. and C. C. Schmidt of Graham, who sustained a hip injury on the 4th of July, while attending the celebration, was taken to St. Joseph Friday morning by her physicians, Dr. W. S. Rowlett and Dr. Morgan, for X-ray examination by Dr. Morton of that city.

Mrs. Schmidt's injury was a hip dislocation, but another dislocation has occurred since the physicians reduced it, and they wish to find the cause thereof.

Mrs. Schmidt was at the home of J. M. Schmidt in Graham until Saturday evening, when she was removed to C. C. Schmidt's home, near there.

PIERCE FLEMING IMPROVING.

Disfigured Victim of Graham Fire Passing Through Grafting Process Finely.

Pierce Fleming, the Graham young man who was nearly burned to death last January when the palatial residence of his father, Thomas E. Fleming, burned to the ground on his farm, near Graham, returned home from a Kansas City hospital Thursday and will remain for awhile.

Mr. Fleming has been in Kansas City several weeks undergoing the painful and difficult skin grafting process for his face. One side is completed and has proven highly successful, although there are slight traces of the scars.

He has stood the ordeal splendidly and will return after a rest and submit himself to the same treatment for the other side of his face.

Mr. Fleming will carry the scars of his burns to his grave, his father said Friday, but they will not be disfiguring, the grafting overcoming that in great measure. This will be good news to the young man's friends, who have been anxiously waiting the result of the operation.

To Baile Waggoner's Picnic.

Miss Margaret and Luther DeMoss of Stanberry were in Maryville Friday morning on their way to Atchison, Kan., to visit their uncle, Charles DeMoss, and attend the great annual picnic given the children of Atchison by the Hon. Baile Waggoner.

On a Week's Visit.

Sheriff W. R. Tilson and his family left Thursday for a week's visit at Rosendale, Savannah and St. Joseph with relatives. At Rosendale they will visit with Mr. Tilson's parents, Mr. and Mrs. W. H. Tilson.

cision of the Republican voters at the
August primary.

The Smiler.

There's an idiotic fellow, whom I
meet where'er I go;
He's a crazy kind of fellow all the
little children know.
You wouldn't think him silly from his
manner or his style;
Still, it seems, he must be foolish, for
he always wears a smile.

When the way is long and weary and
the load is hard to bear,
When you're weighted down with trou-
ble and there's no one seems to
care,
That's the time this foolish fellow
comes a-singing up the road,
With a word and smile to cheer you
and to help you with your load.

With his smiling "Buck up, partner,
'cause we're bound to pull it
through;
Though your load's too big for one
man, it's a little load for two."
And you feel yourself uplifted with
the strength to play your part,
With his arm to aid your body and his
smile to brace your heart.

No, he hasn't got ambition, but his
lifework never ends;
He knows a million people, and he's
got a million friends.
He doesn't strive for fame and wealth,
he hasn't got a goal;
He's just a simple fellow, with God's
sunshine in his soul.

Yes, he's just a foolish fellow, with
the eyes that cannot see
All the misery and sadness that are
plain to you and me.
But he knows the joy of living, all that
makes the world worth while;
And I'd like to be as foolish as the
man behind the smile.

RECKLE-FACE

New Remedy That Removes Freckles
or Cuts Nothing.

Here's a chance Miss Freckle-Face,
to try a new remedy for freckles with
the guarantee of a reliable dealer that
it will not cost you a penny unless it
removes the freckles, while if it does
give you a clear complexion, the ex-
pense is trifling.

Simply get an ounce of othine—
double strength, from any first class
druggist and one night's treatment
will show you how easy it is to rid
yourself of the homely freckles and
get a beautiful complexion. Rarely is
more than one ounce needed for the
worst case.

Be sure to ask for the double
strength othine, as this is the only
prescription sold under guarantee of
money back if it fails to remove freck-
les.

OVERTURES TO CLARK.

Bryan Extends Olive Branch to Beaten
Candidate.

William J. Bryan, in a Commoner
editorial today, extends the olive
branch to Champ Clark.

"All Democratic candidates for con-
gress in the Ninth Missouri district
have withdrawn in order that Champ
Clark may have an uncontested field,"
he says. "This gracious act will meet
with the approbation of men of all
parties. Unquestionably Mr. Clark
met with a great disappointment at
Baltimore, and political disappoint-
ments are often very keen. They cut
to the very quick the unsuccessful
candidate himself and they press most
heavily upon those nearest and dearest
to him. But such things are to be
classed among the fortunes of war and
men of experience and judgment may
sweep them aside as altogether incon-
sequential."

"Surely Mr. Clark will find consol-
ation in the assurances of affection that
come from his old-time neighbors and
the graceful act of the ambitious men
of his district who would probably be
glad of the opportunity to serve a term
or two in congress."

"Mr. Bryan claims a place among
those who are rejoiced by these inci-
dents, and who would be glad to see
the highest sort of happiness enter
the life of Champ Clark, and the life
of everyone he loves."

CATARH OF STOMACH.

Indigestion and Stomach Agony Quick-
ly Ended.

If you went to thirty doctors and
paid each his fee for a prescription for
indigestion or stomach misery it is ten
chances to one you wouldn't get such
a good prescription as the one from
which MI-O-NA stomach tablets are
made.

How can such a thing be? you nat-
urally ask.
Simply because the man who wrote
the prescription from which MI-O-NA
tablets are made knows more about
stomach diseases than 96 per cent of
all the physicians in America, and he
gets paid for knowing.

And when you can get a large box of

AMERICAN SOLDIER THE BEST

World's Records for Marksmanship All
His, and He Is Trained to Act
on His Own Initiative.

If there is one big, distinguishing
trait of the United States regular, it
is individuality. In every one of the
great foreign military nations, particu-
larly Germany and Japan, battalion
and company officers and enlisted men
are carefully trained not to think for
themselves. They are used as mere
chess pieces under the guidance of a
master mind. In this country, where
our melting pot has yielded us an ex-
traordinary self-reliant, cool thinking,
intensive initiative product, it is only
natural that our soldiers should be
trained as are our civilians.

The United States army spends an-
nually on rifle target practice five
times the sum spent by any other
army of an equal number of men. This
applies, too, to our field and coast ar-
tillery. As a result, no better mark-
smen can be found than the American
soldier and his cousin, the national
guardsman, who is trained along the
same lines. Every world's fire control
and accuracy record with rifle and
big gun is today held by the American
soldier.

The United States army is small, in
accordance with the will of the people
not to support a large standing mili-
tary establishment. But what we
have is almost 100 per cent efficient,
the splendid nucleus of the big army
of regulars, militia and volunteers
which we should place in the field if
occasion required. It is only in equip-
ment—quartermaster, commissary,
medicine and particularly ordnance
stores—that our army is lacking.—

SHE COULD NOT REMEMBER

Absent-Minded Woman's Peculiar Rea-
son for Wanting to Be Rung Up
on the 'Phone.

Absent-minded persons sorely try
the patience of girls in the New
Rochelle telephone office. Not long
ago a woman confessed herself sub-
ject to extreme forgetfulness and re-
quested the day operator on her ex-
change to ring her up every morning
at 9 o'clock. A week later she said:

"Central, what was it I wanted you
to call me for at 9 o'clock?"

"I don't know," said the girl. "You
didn't tell me. You just asked me to
call at 9 o'clock."

"Too bad," said the woman. "I
know there was something I wanted
to do every morning at 9 o'clock, but
I can't for the life of me think what
it was."

The 9 o'clock calls continued, how-
ever, and several days later the wom-
an took central into her confidence
again.

"I have found out why I wanted to
be called," she said. "A friend had
given me a canary and I wanted to
make sure of remembering to feed it.
The poor little thing is nearly starved.
Hereafter when you ring won't you
just say, 'Feed the bird,' and I'll go
straight and do it."

Central promised, and the neglected
canary is now a plump and contented
bird.—New York Times.

Rousseau's Etiquette of Love.

Before Rousseau, love was a highly
refined form of social intercourse, a
species of gallantry conducted with
self-restraint, and all the formalities of
special etiquette; any extravagance,
whether in feeling, in speech, or in
action, was banished. But when Saint-
Preux, oppressed by his high-strung
passions, came to the rock at Millere
to pour forth in solitude the flood of
his sentimental tears, all the witty re-
finements of eighteenth century gal-
lantry, for good or for evil, were final-
ly swept away; extravagance was free
to lay down the law in love. It was
Rousseau who enabled Mirabeau, in
his first letter to Julie Danvers (whom
he had never seen), to declare, "I also,
am a lover, have emptied the cup of
sensibility to the dregs, and could
give a thousand lives for what I love."
It was Rousseau who laid down a new
etiquette of love which every petty
poet and novelist still adheres to.—

Patented Articles Must Be Marked.

We are all accustomed to see a pa-
tented article marked "Patented," with
the date of the patent. It is doubtful,
however, whether one in a hundred,
or in five hundred, who notices the
mark realizes its importance to the
patentee. The statute on the subject
makes it the duty of all patentees or
those holding under or making the
patented article for them to apply the
mark "Patented," together with the
day and year the patent was granted,
and the same statute provides as a
penalty for infringing by the party
failing to so mark no damages shall
be recovered by the plaintiff, except
on proof that the defendant was duly
notified of the infringement, and con-
tinued, after such notice, to make, use
or vend the article so patented.—

Ministerial Economy.

Considering his meagre salary, it
was a mystery to economical parish-
ioners how the minister could afford
to contribute so liberally to the
church's social affairs, but another
financial expert finally explained that
it was a good investment.

"The money he contributes makes
these entertainments so attractive,"
he said, "that the young people fall
in love and marry, and he makes it
back many times over on the wedding
fees."

CORWIN-MURRIN CLOTHING COMPANY

Home Health Club

By DR. DAVID H. REEDER,
LaPorte, Ind.

Seasonable hints—"The good old
summer time" is always welcome, and
we now have it with us, with all the
pleasants that it brings, also with
all the unpleasantness. While we
should be thankful for the former, we
should guard against the latter, and
we can very much with a little care
and discretion.

The green and fresh fruits and veg-
etables of the season are a continu-
ous delight, and the farmer and mar-
ket gardener, with modern helps and
ideas, bring to our tables, in all their
perfection and at insignificant cost.
Less, in fact, than we can, generally,
afford to cultivate them, unless in the
business. But nevertheless we appre-
ciate such things when we raise them
ourselves, even at a somewhat greater
expense.

With these good things from the
temptation to over-indulgence in them,
comes the most direct drawback. With
the added heat and more open air ex-
ercise, the consequent increase of ap-
petite and the allurements of fresh
melons, fruits and garden produce,
constant care is required to prevent
diarrhoea, dysentery, cholera morbus
and other troubles of the bowels,
which bring in their train susceptibil-
ity to fevers, nervousness and many
other ills. Hence the motto should al-
ways be, "Guard well the citadel of
health—the stomach."

Grown folks should know, and gen-
erally do, how to set the guard, but
they have a double duty when they
have any part of the control of chil-
dren. The little ones do not know so
well about the virtues of avoidance,
hence they are the most frequent suf-
ferers from the green fruits, etc., and
should be particularly looked after all
the time, not only because they are the
most liable to injurious influences, but
because they are not so able to with-
stand the attack of colic, cramps, dys-
entery and all that as more mature
persons.

Club Notes.

The most numerous causes of diar-
rhoea are indigestion, over-eating,
drinking too much ice water when not
accustomed to it, eating unripe or un-
sound fruit and vegetables that do
not agree with the stomach, often a
sudden chilling of the body by ex-
posure to rain or a great or quick
change in temperature, etc. This
drives the secretions inward, or checks
them entirely, as, for instance, the
sudden stoppage of perspiration, and
thus cause congestion, that nature
seeks to relieve by what seems to be
dysentery.

As mentioned before, many of those
may be prevented by necessary

may be used freely the year round
and does good rather than harm. More-
over, the best ice water or the best of
any water, as to that, is water of ice,
meaning water that is made from
melting ice, kept in a container, de-
signed for that purpose, though it may
be obtained—but more expensively in
the end—from ice that melts in an or-
dinary water cooler, a big pitcher, or
a bucket, or other receptacle of the
kind. It is coming to be known, from
scientific experiment, that this is the
purest, hence the best water one can
obtain. But on this subject we have
lately sent out an article that goes
into the subject in detail.

Dear Doctor: Have suffered off and
on for the last week with a severe
burning and itching between the fin-
gers and toes, sometimes followed by
minute round vesicles in which there
is a clear fluid. There is no redness.
They dry up in a few days, leaving a
scale. My doctor does not seem to
know quite what it is. J. B.

Am inclined to think the trouble is
what is known as cheiro-pompholyx,

which is quite frequently met with. It
is characterized by the formation of
little round blisters, usually upon the
hands and feet. Persons in ill health
or those of a nervous temperament
usually are the sufferers. The disease
seems to be dependent upon insuffi-
cient action of the nerves of the skin.

Oxide of zinc, rubbed up with vase-
line and applied every six hours will
relieve the itching. The vesicles
should not be opened. The nerve ac-
tion should be increased by appropri-
ate treatment, plenty of fresh air and
healthful food supplied. Keep your
mind cheerful and provide rest.

WENTY KILLED IN CLOUDBURST

Small Nevada Town Entirely Washed Away.

HOTEL IS TURNED UPSIDE DOWN

In Similar Storm at Jacob's Creek, Pa., Entire Family of Nine Was Exterminated—Water Threatens Tonopah, Nev.

Reno, Nev., July 19.—Twenty lives were reported lost in a cloudburst that washed away the small town of Seven Troughs, Nev.

From Lovelock, near Seven Troughs, came word that four persons were known to be dead, and that the hotel at Mazuma had been turned upside down by the rush of waters.

Communication by wire was badly crippled, and the roads were so furrowed that automobiles were obliged to make wide detours in seeking news.

A special from Lovelock says: "First report of dead is John Trenchard, a Mazuma merchant, whose body was found three miles from his home. His wife also died."

At Tonopah Junction, a cloudburst washed away a mile of track of the Nevada & California narrow gauge branch of the Southern Pacific between Mine and Keeler. No lives are reported lost. Telegraph wires are down. The course of the 5-foot wall of water is toward Tonopah, some 50 miles south.

Storm Drowns Nine.

Jacob's Creek, Pa., July 19.—Nine persons were drowned in a cloudburst in Barren Run near here.

The dead are Mrs. John Raymond, her six children, her brother, Michael Rovinsky, and her mother.

In the storm Raymond went from his house to the barn, in a ravine near Barren Run. He did not return and after waiting two hours, the wife, her children and the other members of the family became frightened and went in search of him. As they reached the ravine a wall of water swept down and carried them away. Raymond was safe in the barn and escaped.

SLUGGED AND LEFT ON RAILROAD

Kansas Farmer, Rescued, Tells His Story—Three Arrests Made—Believed to Be Work of Gang.

Winfield, Kas., July 19.—Silas Blackburn, a farmer living near here, was picked up unconscious on the Santa Fe railroad tracks and taken by a freight crew to Udall.

He has just become able to tell his story. He said he had taken a cab ride with some men, who took him to a lonely place and slugged and robbed him. They took even his cap and shoes. Then they laid him on the track to be run over by a train. Though helpless from the blow, he could hear and understand what they were doing.

The sheriff's force arrested three men and charged them with the crime. In those arrested the officers believe they have secured the gang responsible for several recent murders resembling the one just attempted.

TO "REFORM" SALOON BUSINESS

Los Angeles Plans to Reduce Number and Increase Restrictions—Must Close at 6 P. M.

Los Angeles, July 19.—If plans submitted to the city council by the police commission are enacted into laws, saloons in Los Angeles hereafter will close at 6 p. m.; it will be a misdemeanor to treat your friend; no salty substance likely to promote thirst can be served at the free lunch counter; one drink at lunch hour will be the limit and the total number of saloons in the city, now 200, will be reduced gradually to 100.

The proposed changes were submitted to the council to be considered in connection with the ordinance abolishing free lunches. Public hearings will be held and many club women have announced that they will be present.

Thrashing Engine Blew Up.

Salina, Kan., July 19.—Arthur Atkinson, owner of a thrashing outfit and acting as the engineer, was injured probably fatally when his engine blew up on L. O. Moon's farm, near Culver. The engine was totally demolished. Atkinson was blown 50 feet, his leg was broken, one eye was injured and he was severely scalded. Others of the crew were injured slightly.

Bandit Killed in Alabama.

Montgomery, Ala., July 19.—In a fight at Alexander City between a posse and a gang believed to have robbed the Auburn postoffice recently, one of the robbers was killed. It is believed the men were involved in the \$150,000 robbery of the Queen & Crescent train in Mississippi recently.

Costly Home Burned.

Primmyra, Mo., July 19.—The costly suburban home of Mrs. Grace B. Kipp, just outside the limits of this city, was destroyed by fire. The house was one of the handsomest in this section and was expensively furnished. The fire originated from a defective flue.

Protection from loss by windstorms, fire or lightning is business, either in country or city. You owe it to yourself and family. Consult me now for special rates and terms, or phone me and I will call.

A WORD WITH WOMEN.

Valuable Advice for Maryville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter. It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed right in this locality. Read this woman's convincing statement:

Mrs. Martha Partridge, 801 East Fourth street, Maryville, Mo., says: "It was seven years ago when I suffered from kidney and bladder complaint, and my trouble made me weak and nervous. I used Doan's Kidney Pills and received relief. I procured them at Love's drug store (now Love & Gaugh's drug store), and cannot say too much in their praise."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A Narrow Vale.

Life is a narrow vale between the cold and barren peaks of two eternities. We strive in vain to look beyond the heights.

We cry aloud; the only answer is the echo of our wailing cry. From the voiceless lips of the unreplying dead.

There comes no word, but in the night of death. Hope sees a star, and listening love can hear.

The rattle of a wing. These myths were born of hopes, and fears, and tears,

And smiles; and they were touched and colored. By all there is of joy and grief between the rose dawn of birth and death's sad night.

They clothed even the stars with passion, and gave to gods the faults and frailties of the son of men. In them the winds and waves were music, and all the lakes and streams, springs, mountains, woods and perfumed dells were haunted by a thousand fairy forms.

—Robert G. Ingersoll.

Modern Definitions.

Reciprocity—Getting what you want, and getting it first.

"BURGH PERFECT" is distinctive and economical FENCE

The economy means more than first cost price. It means a full and efficient service that lasts for years; an elimination of time, energy and money spent in endless repairs; it means an investment that pays big dividends by increasing farm production and a better farm equipment.

"Pittsburgh Perfect" Fences are the most economical you can buy. They are the most adaptable and adjustable to all fencing conditions and requirements of the farm. They are the strongest and most durable because Open Hearth wire—like old time iron wire—is galvanized with pure zinc, is used exclusively in their manufacture and is ELECTRICALLY WELDED at every touching point producing practically a one piece fence. "Pittsburgh Perfect" will increase the actual value of a farm by perfectly protecting its purpose and permitting scientific crop rotation. Buy that fencing. Our stock is complete.

CLASHED OVER WARSHIP PLANS

Senate Conferees and House Managers Voted Disagreement.

TO ASK FURTHER INSTRUCTIONS

Whether United States Is to Build One or Two New Dreadnaughts Is Question Over Which Deadlock Has Occurred.

Washington, July 19.—Insisting on a two battleship program, the senate conferees in charge of the navy appropriation bill clashed with the house managers, who stood stubbornly against the established plan and insisted that no battleship should be authorized. They voted a disagreement. No effort at compromise was attempted.

Senator Perkins announced for his colleagues that the senate had determined on two battleships this year as necessary to the proper increase of the navy and as a rational and orderly strengthening of the national defense. Chairman Padgett of the house conferees said he could not consent to the senate plan or yield to the senate argument because a Democratic caucus had passed a resolution binding him against any battleships. The conferees were deadlocked and promptly voted to disagree and to carry their disagreement back to the senate and house for further instructions.

House Would Compromise.

In the house an effort will be made by the leaders to reach some compromise agreement. The talk now is for construction of one battleship, whether it can be arranged by personal agreement or whether a caucus will be called to release the Democrats heretofore pledged to no battleships has not been determined. Within the past two weeks there has been a decided growth of sentiment among house Democrats in favor of two battleships. Many hold that they are pledged to such a navy increase plan by the Baltimore Democratic national platform. If they are freed from caucus shackles they will vote for two battleships and this country will be spared the danger and the ignominy of seeing its navy fall in the next four years from second to fifth place among the world navies. Such Democrats will make an effort to break the caucus bonds and have themselves set free to vote as their judgment dictates and their constituents advise.

Tillman Disgusted.

Senator Tillman, one of the senate conferees, left the meeting in disgust when his appeal for an increase in the appropriation for the Charleston, S. C., navy yard was rejected.

Under present naval plans the Charleston yard is to be the home of the Atlantic torpedo fleet. Senator Tillman urged the increased appropriation because of the growth of this fleet.

GERMAN HELP SOUGHT BY JAPS

Tour of Europe by Ex-Premier Katsura Believed to Be Attempt to Arrange Alliance.

Berlin, July 19.—That the tour of Europe recently begun by ex-Premier Katsura of Japan, was undertaken to negotiate an alliance between the mikado and the kaiser, is believed in diplomatic circles here.

It is said the Japanese want to dissolve partnership with the English and are prepared to guarantee protection to German interests in the Orient in the event of an Anglo-German war.

The kaiser is reported to look askance on the plan, however, principally because he believes it would embarrass him in the event of friction between Japan and the United States. Prince Katsura has said repeatedly that the tour is purely for pleasure.

MISSOURI FARMER DISAPPEARS

Wrote His Wife He Was Going to Cooper County to Die—Messages Failed to Locate Him.

Trenton, Mo., July 19.—F. F. Oyler, a farmer and stockman near Brimston, this county, left home last Monday and has not since been seen by his family. On reaching Trenton he went to the Harbor hotel where he wrote a letter to his wife saying he was on his way to Cooper county, their former home, to commit suicide. Messages to Cooper and Holt counties where Oyler formerly lived failed to find him. He is 60 years old and has a wife and seven children.

Boy Burglar Attacks a Woman.

Marshalltown, Ia., July 19.—Mrs. George W. West, wife of a grocer in the suburbs of this city, was wounded severely by a 15-year-old robber, who plunged a knife into her throat while his victim pleaded with him not to kill her, but to take what money there was in the cash drawer. The boy escaped without obtaining any money. Mrs. West is in a hospital.

To Build \$60,000 Courthouse.

Phillipsburg, Kan., July 19.—Arrangements have been made for the laying of the corner stone of Phillips county's \$60,000 courthouse, August 3. Ex-Governor Folk of Missouri will attend.

AMERICA CAN CONTROL CANAL

ENGLISH PROTEST AROUSES MUCH DISCUSSION.

United States Has Absolute Power, According to Terms of Treaty—O'Gorman Blames Railroads.

Washington, July 19.—Championing the American side of the Panama canal rate controversy as against the arguments of Senators Root and Burton, Senator O'Gorman of New York made a vigorous speech and in many of his conclusions was supported by Henry Cabot Lodge, ranking Republican member of the foreign relations committee.

O'Gorman asserted that Canadian and American railroad influence was the power that caused the British foreign office to precipitate this controversy because transcontinental railroads wish to control the transportation through the canal.

The president also took a position similar to that of the New York senator. During the day he told a number of his callers that he had no doubt of the right of this government to grant free tolls, not only to American coastwise shipping, but to ships of American registry engaged in the foreign trade.

Under the terms of our treaty with Great Britain the United States exercises absolute power over the Panama canal, subject only to the right of foreign nations to the use of the canal for purposes of transit without discrimination among them.

This was the declaration of Senator O'Gorman after he had discussed the British protest and the canal bill exhaustively and senators began asking his questions.

Senator Lodge asserted the treaty left the United States in complete control in determining its policy toward American ships. He declared his belief that the treaty would have to go to the Hague and that it was a foregone conclusion that the decision would be against the United States; because of the advance interest of the other powers in the controversy.

JOKE STARTED DYNAMITE SCARE

Report of Attempt on President's Life Result of Hazing New Washington Reporter.

Washington, July 19.—A little hazing stunt meted out to a "green" reporter on the White House beat, by several veteran newspaper men resulted in a country wide scare that an attempt had been made on President Taft's life through an infernal machine.

The new reporter walked into the pressroom of the executive offices to be met with the query: "Did you get that infernal machine story?"

The reporter said he had not, and the hoax manufacturer told him a remarkable yarn.

The well known habit of the secret service to bush up all such stories, coupled with what seemed to be the mysterious, and persistent denial of all officials, that they had heard of the attempt, the usual diplomatic way here of evading the issue, led a number of newspaper men to assist in spreading the report.

DENVER WANTS BETTER SERVICE

Ordinance Just Introduced Provides Relief for Straphangers—Part of General Fight.

Denver, July 19.—Straphangers will pay only half fare in Denver, if an ordinance just introduced becomes a law. The bill is part of a general fight against the street car company, which already has resulted in an ordinance for universal transfers and the granting of a trackless trolley franchise.

It is expected the same men who passed these measures will vote for the straphanger ordinance, and its passage is regarded as assured. The bill will be reported from committee July 20.

BIG OKLAHOMA GASSEER FOUND

Well Producing 2,000,000 Feet Daily Near Morrison—Crowds Rush to New Field.

Guthrie, July 19.—A gas well producing 2,000,000 cubic feet daily was brought in on Black Bear creek, just north of Morrison, in Noble county. Gas and salt water, with some oil, are spouting 25 feet into the air. Crowds from Perry, Pawnee and other nearby towns are rushing to the new field. Driller Walters claims the underlying formation is the same as in the Bartlesville field.

Hits Federal Office Holders.

Washington, July 19.—A bill of Representative Hull, favorably reported to the house by the committee on reform in civil service bars all federal appointees under pain of a fine of \$500 and summary dismissal from being a delegate to any district, state or national convention, or becoming "perniciously active in politics."

Tried to Wed by Force.

Peoria, Ill., July 19.—Charging that she was lured from her home in Chicago by Mr. and Mrs. Charles Salvato and subjected to harsh treatment, when she refused to marry a man they had selected for her, Jennie Babbie, 16 years old, appealed to the state attorney to help her. She was placed in charge of the probation officer.

Elmo to Have Picnic.

Elmo will hold their annual picnic this year on August 21, 22 and 23. E. M. Bailey is chairman of the committee. H. J. Allen secretary and Dr. Ferguson treasurer.

CAUSE OF WRECK A WOMAN'S ERROR

Telephone Instruction Misunderstood by Tower Operator.

INQUEST BRINGS OUT FACTS

Mrs. Wilcox Showed Disposition to Argue With Those Questioning Her—Inquiry to Be Resumed Monday.

Chicago, July 19.—Mrs. Julia A. Wilcox, who was on duty in the signal tower at Western Springs, near this city, last Sunday when a fast mail train crashed into the rear of the Overland express of the Chicago, Burlington & Quincy railroad, killing 13 persons and injuring more than a score, admitted, while testifying at the coroner's inquest, that a misunderstanding over a telephone message might in part have been responsible for the wreck.

She said she received a telephone message from Congress Park just prior to the accident. She understood the message to mean for her to hold passenger train No. 4 until a freight train had finished switching ahead. She tried to stop No. 4, but said it ran past the signals. It developed, she said, that the person who telephoned merely wanted her to inform Congress Park when train No. 4 passed the tower.

She Misunderstood Orders.

Mrs. Wilcox said she then decided she should stop No. 2, a passenger train, which she said ran by the signals, but stopped 850 feet beyond the tower. Ten minutes later the mail train, No. 8, shot past the block set against it and crashed into train No. 2. The witness admitted that if she had not misunderstood the telephone message she would not have stopped No. 2 and the accident probably would not have occurred.

Hoffman, the coroner, members of the jury and representatives of the interstate commerce commission and the Illinois railroad and warehouse commission found it difficult to obtain direct answers to questions on several occasions.

Contradicted Testimony. The witness frequently argued with her interrogators and contradicted some of the testimony previously given by Frank Woodworth, flagman of train No. 2. Woodworth testified that on leaving the passenger train after it stopped he went directly back to flag the mail train. Mrs. Wilcox testified that he first went forward to the locomotive and then walked back toward the signal tower.

She at first denied Woodworth's statement that she had changed the signal from "danger" to "clear" after train No. 2 passed the tower, but finally admitted that she did make the change to instruct passenger train No. 2 to go on, and then threw the danger signal again to stop No. 8.

Mrs. Wilcox was excused and was advised she might be recalled to the stand later.

The inquest will be resumed next Monday morning.

BOLT KILLED FOUR IN ONE ROOM

Frightened Missouri Family Were Together in House—Three Severely Stunned.

Richmond, Mo., July 19.—A single bolt of lightning killed four in a family of seven and seriously shocked the others during a violent electrical storm here.

The bolt struck the home of Joe Paddy. The family were gathered in the living room and the electric current tore Paddy's shoes and stockings from his feet and pitched him into a corner, dead. Three children were also killed, their bodies being denuded of clothing. The wife and remaining two children were stunned, and it was some time before they regained consciousness.

Parsons Clubs Enjoined.

Parsons, Kas., July 19.—An investigation by the county attorney has resulted in temporary injunctions being served on the Elks, Eagles and Moose clubrooms in Parsons and also on the owners of the buildings in which the clubrooms are located. The injunctions were granted by Judge Clark in chambers and followed an investigation in which several witnesses were summoned to testify regarding the violations of the Prohibition law in these clubs.

Miners Indorse Suffrage.

Cripple Creek, Col., July 19.—Women present as fraternal delegates, played an important part in the sessions of the Western Federation of Miners in annual session at Victor. Several suffragette leaders addressed the delegates and, as a result, a resolution to aid woman's suffrage was passed.

Outlaw Fliers to Form Club.

Los Angeles, July 19.—It was predicted that the eight aviators suspended by the Aero club because of their alleged participation in an unsanctioned meet in Boston will form a new club which may revolutionize flying in America. Lincoln Beachy and Farman Fish are said to be leading the movement for a new organization.

IT GROWS HAIR.

Every Man or Woman Can Have an Abundance of Hair Full of Life and Beauty.

Mrs. C. Borchardt, No. 753 1/2 Eighth street, Milwaukee, Wis., writes: "I am very much pleased with PARISIAN Sage. This is my fourth bottle and my hair is coming in nicely and getting thicker. I must say it is a fine hair grower."

PARISIAN Sage does not contain Sugar of Lead; a poison that often causes blood poisoning and sometimes death. Ask your dealer if he can guarantee some other hair preparations not to contain Lead or Nitrate of Silver.

PARISIAN Sage is not a dye. Most dyes are dangerous. It is a hair nourisher, grower and beautifier and quickly banishes dandruff, stops hair from falling, and scalp itch. Large bottle 50 cents at the Koch Pharmacy and dealers everywhere.
